Blog

Read the ride reports available on our Blog. We write a report of all our rides showing where we go and what we get up to.

Monthly Ride

We ride once a month on the 3rd Sunday. We start in Gelterkinden and typically pick people up on the way through the surrounding villages.

The Start, pick up points and Finish is normally near a train station to make it easy to get to us and home again if you don't want to cycle all the way.

Baselland is a hilly place and we try to get to the top and admire the fantastic views. We stay together in the valleys but once we hit the climb everyone goes as fast as they like, we re-group at the top. Noone is left behind and the focus is on getting us round together

Special adventures

Mountains:

We plan 3 mountain day options over the summer - watch out for the dates on the Strava Club.

These will be weekdays, to reduce the traffic amount, and the route may change depending on the weather.

Getting these will be Train - Ride - Train

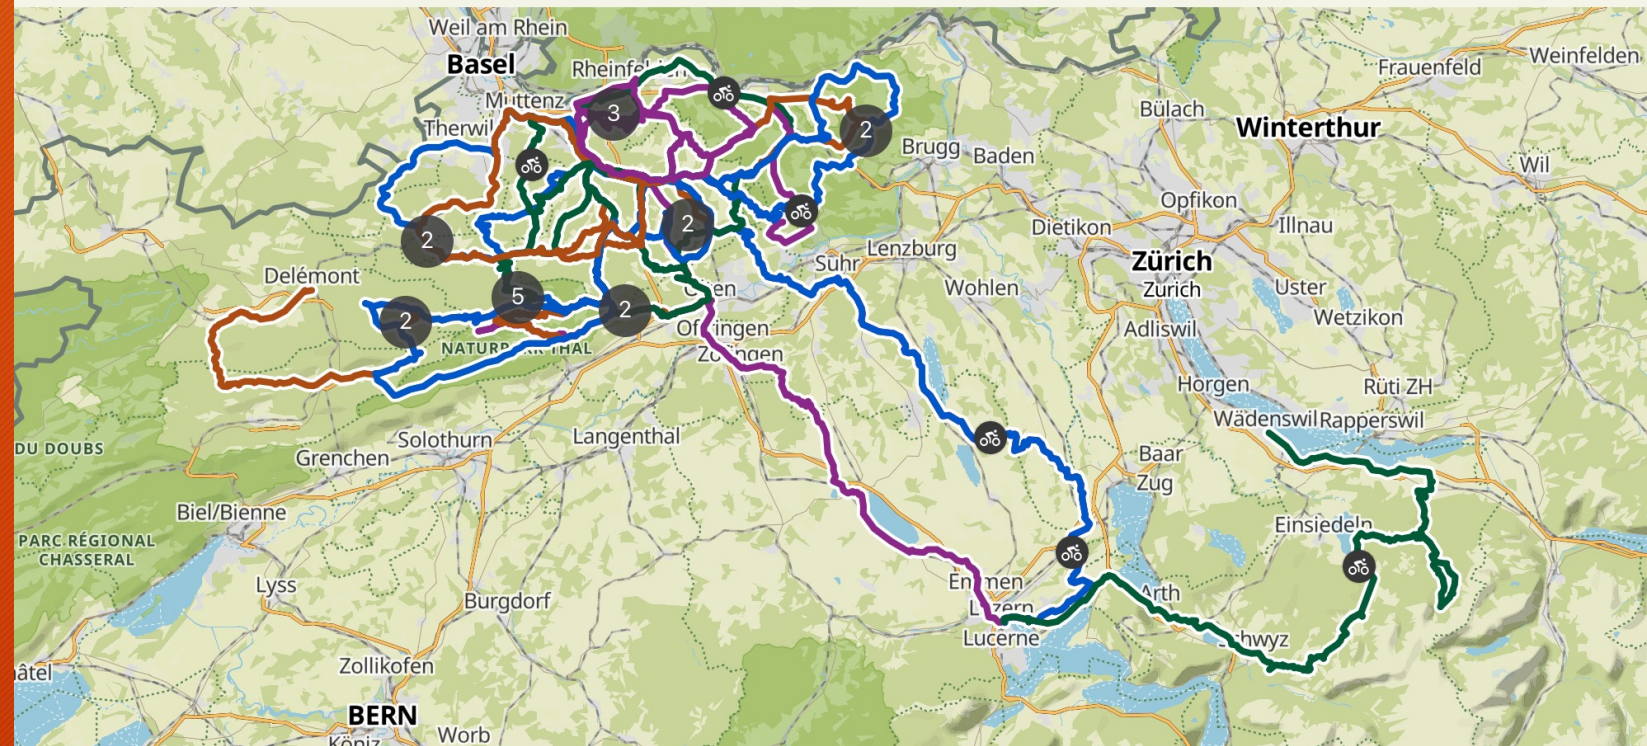

Swiss Cycling Events:

#fastandfemaleSUI often organises special events for the affiliated clubs - again all details will be posted on the Strava Club page
